KNX certified BUS data cables

KNX is an international standard for communication in building automation and home automation systems. KNX certified cables ensure reliable transmission of control signals and data within a KNX installation.

Our KNX solution currently includes two models:

- 1 x 2 x 0,8 mm – **Single Twisted Pair** with 5.80 mm outer diameter
- 2 x 2 x 0,8 mm – **Double Twisted Pair** with 6.60 mm outer diameter

Both models feature an LSZH jacket and CPR Cca classification acc. to EN 50575.
