**SSB-Electronic GmbH announces its partnership with Kabelwerk EUPEN.**

Starting in 2026, SSB-Electronic GmbH will expand its product portfolio through a cooperation with the established cable manufacturer Kabelwerk EUPEN. Kabelwerk EUPEN AG is one of Europe's leading manufacturers of high-quality cables. The product range includes a wide variety of cable segments, such as medium- and low-voltage cables, fiber-optic cables, control and instrumentation cables, various signal cables, as well as telecommunications cables.

**Benefits for our customers:**

- Access to the manufacturer's entire product range, with a focus on premium coaxial and specialty cables
- Greater and faster delivery capability with an expanded variety of products
- Optimized solutions for complex mobile communications, railway, tunnel, industrial, and antenna applications

For further information and customized offers, our sales team and your designated contacts are always happy to assist you.
